DR REDDY'S LAB LAUNCHES SHOT IN U.S.

DC CORRESPONDENT
HYDERABAD, APRIL 5

Multinational pharmaceutical company Dr. Reddy's Laboratories on Tuesday announced the launch of Methylprednisolone Sodium Succinate for injection USP, the generic equivalent of Solu-Medrol, in the U.S. market, following approval by the U.S. Food and Drug Administration (USFDA).

The Solu-Medrol brand and generic had the U.S. sales of approximately \$144 million in moving annual total for the most recent 12 months ending in February 2022, according to IQVIA Health, the company said in a release.

Dr. Reddy's Methylprednisolone Sodium Succinate for Injection, USP, is supplied in 40 mg/vial and 125 mg/vial single-doses with each carton containing 25 vials and the 500 mg and 1 gm multi-dose vials each carton containing 1 vial.
